MARQUIS DE LAFAYETTE

He Was Only Twenty Years Old When
He Joined the American Revolution-
ary Army.

No name in American history is re-
garded with more admiration than that
of the brilliant Marquis de La Fayette.
He was not by birth an American, but a
Frenchman, and more than a hundred
years ago, out of love for the cause of
liberty and sympathy for the American
colonists, was believed to be ap-
proved by the English government, he
left his splendid home in France and
came to this country to help the patri-
ots fight for their rights in the revolu-
tion.

He was born at the castle of Chava-
gne, France, September 6, 1757, and
was educated at the military school of
Brienne-le-Chateau.

THE MARQUIS DE LA FAYETTE.

When he offered his services to the
American Congress he was only 20 years
old. Although so young and inexperi-
enced, he belonged to one of the most
powerful families of France, and his
influence at court, through his wife's
relatives, as well as his own, was of the
greatest assistance to us.

His offering his help to Congress, he
was supposed to bear all his own expenses
in the campaign. Congress was poor,
and his services were gladly accepted.
He was at once given an appointment
on the staff of Gen. Washington, and
these two great men, both of the noblest
character and the most generous minds,
became lifelong friends.

In 1824 he was given a public invita-
tion to visit the United States, and his
travels through this country were like
a triumphal progress. Congress voted
him a gift of \$200,000 and 24,000 acres of
land as a mark of appreciation for his
services in the revolution. He died in
Paris May 20, 1834, and lies buried in a
handsome tomb in the cemetery of Pic-
pus in the Faubourg Saint Antoine—

DOLL MAKES PEACE.

A Child's Plaything Once Upon a
Time Kept the Indians from War-
ring with the Whites.

A strange story is told of how a child's
plaything once had a soothing influ-
ence upon a warlike Apache tribe, and
was the means of avoiding a serious war.
It happened when Mr. Bourke was in
Arizona with Gen. Crooke. The general
was trying to put a band of Apaches
back on the reserve, but could not
catch them without killing them, and
that he did not want to do. One day his
men captured a little Indian girl and
took her to the fort. She was quiet all
day, saying not a word, but her black
beads of eyes watched everything.
When night came, however, she broke
down and sobbed just as any white child
would have done.

They tried to calm her, but she
would not. Then Mr. Bourke had an idea.
From the adjutant's wife he borrowed a
pretty doll that belonged to her little daugh-
ter, and when the young Apache was
made to understand that it was hers her
sobs ceased and she fell asleep.

When morning came the doll was still
clashed in her arms. She played with
it all day, and apparently all thought of
ever getting back to her tribe had left
her.

Several days passed, and as no over-
tures about the return of the papoose
had been made by the tribe, they sent
her with the doll still in her possession,
back to her people.

Mr. Bourke had no idea of the effect
this innocent act would have upon the
tribe. When the child reached them,
with the pretty doll in its chubby hands,
it made a great sensation among them,
and later on its mother came back to the
post with it.

She was kindly received and hospita-
bly treated, and through her the tribe
was soon afterward persuaded to move
back to the reserve.—Cincinnati Enquirer.

DEMOCRATIC TICKET.

FRIDAY, NOV. 10, 1899—

Taylor made that speech a trifle too soon. He will not be Governor this time.

Gen. White has returned the compliment by capturing 2000 Ibers and the British people are feeling somewhat better this week.

The election Commissioners of the various counties will meet this morning between the hours of 10 and 12 o'clock and begin the canvass of the votes cast Tuesday.

Christian County is all right in a fair election. The Republican majority in 1897 was 659 and in 1899 it is 732. We are not likely to see any more abnormal majorities under the present election law.

In the First Railroad district Dempsey's majority is too big to calculate. In the Second district, McChord, Democrat, is elected by 2128. Wood, Republican, is elected in the Third district.

The Republicans as usual claimed everything Tuesday night. The press reports were doctored and Taylor's election claimed by 30,000. The Republicans laughed first but he laughs best who laughs last.

The Democratic victory in Maryland was complete. A Republican majority of 32,000 in 1896 gave way to a Democratic majority of 14,000. Wellington will be succeeded by Gorman in the United States Senate.

Complete but unofficial returns show a plurality of 50,364 for Nash, the Republican candidate for Governor of Ohio, over McLean. The vote for Jones will reach about 100,000.

The Republicans and their allies, enraged at their inability to manipulate the returns, are howling fraud in advance. Goebel has been elected and will not be counted out as Hardin and Bryan were. On the other hand every legal ballot cast for Taylor will be counted for him.

Ed Glass is now the most important official in Hopkinsville. It is reassuring to the public to know that he has a public career that has gained for him the good opinion of all parties. Holding the balance of power in the Council is the greatest responsibility that could have been placed in his hands.

FAUST AGAIN.

That Grand Old Scriptural Lesson to be at the Grand Opera House.

No play ever in our city has met with such universal approval as this grand master piece of Goethe, the German Shakespeare, and no portrayal of that weird Satanic Mephisto so indelibly stamped upon the minds of the large audience who witnessed the part taken by Mr. Porter J. White, and his return to the city with a show double its former size, of unsurpassing magnificence, with the grandest electrical and mechanical effects ever shown with a "Faust" production in this city. This the local management personally guarantees. This is the only Faust Company that absolutely carries a full choir for the cathedral scene, the same being specially engaged by Mr. White from the Church of the Transfiguration, St. Louis, Mo. The Detroit Free Press of recent date says that the beautiful rendition of the Drinking Chorus in the grand opera, "Faust," by Mr. White's magnificent quartette, was the most impressive of anything ever heard of that nature in Detroit, and alone well worth the price of admission. Mr. White is the only one playing this play under his own name. Other companies are out purporting to be

this and that, and only using the names of reputable stars to further their personal interests, caring little for the daily sacrifices they are making of the hard earned reputation of Mr. Morrison, who well deserves to rank at the head of his class. Unlike these spurious attractions above mentioned, Mr. White personally superintends his production and appears at every performance. One night only at Holland's opera house Thursday, Nov. 16.

THE BASHFUL THINGS.

Admiral Dewey and Mrs. Hazen Concealed the Date.

Washington, Nov. 3.—A marriage license was to-day issued to Admiral C. G. Dewey and Mrs. Mildred Hazen.

The application for the license was made by Lieut. Harry H. Caldwell, U. S. N., Admiral Dewey's secretary, in person. The information furnished the Clerk and set forth in the license is that Admiral Dewey is sixty-one years old and his bride-elect forty-three; that both are citizens of the United States and that in the case of each party there was one former marriage. To these statements Lieut. Caldwell was required to make oath.

It is stated this afternoon that the wedding will take place on Tuesday or Wednesday of next week, though neither the Admiral nor Mrs. Hazen will give the exact day.

SHOT WAS FATAL.

Mason Surrendered and Is Lodged In Jail.

Henry Gaither, the negro who was shot by Jack Mason, also colored, at Gracey Sunday, died at an early hour Tuesday morning. Mason surrendered to the authorities at Gracey and was lodged in jail there Tuesday afternoon. His examining trial is set for Friday morning, Nov. 17, before Judge Cansler.

The Baptist Meeting.

The meeting at the Baptist church is still in progress and the interest is increasing with each service. Evangelist Williams is an earnest and impressive speaker. The meeting will continue for several days longer.

Meeting At Trenton.

A protracted meeting began at the Christian church in Trenton last night and will probably continue for ten days or more.

OPERATES ON LIONESSES.

Italian Oculist Removes a Cataract from the Eye of a Beast with Complete Success.

Prof. Gustave Eisselt, of the University of Perugia, Italy, has lately had a thrilling experience in extracting a cataract from a powerful lioness about three years old. The animal was placed in a suitable cage in the middle of the menagerie, and the first difficulty was the administration of an anesthetic. The intervals between the bars of the cage were filled with cotton wool and a large packet of gauze impregnated with chloroform was placed in the cage, the door of which was then closed with a shutter. In about a quarter of an hour a reasonable amount of anesthetic was made, and the lioness patient was seen lying stretched out and apparently in a condition of deep coma. She was then dragged out of the cage and bound and secured.

She was then placed on a table, but before the operation could be begun she suddenly awoke and struggled violently, rolling on the floor, where the animal men, "with admirable coolness, but not without intense emotion, which might easily be seen in their countenances," held her down while the animal's head was wrapped in a towel steeped in sulphuric ether.

The lioness, however, managed to free herself from the gag and partly from her bonds, and gave a roar which made the majority of the spectators beat a hasty retreat. But the other overcame her, and Prof. Eisselt, with great skill, dragged her into the cage, where the anesthetic cup of gauze was given by means of another packet of gauze steeped in chloroform.

The beast's head was pulled out through the door of the cage and secured held in position by the professor, then operated with brilliant success. A curious feature of the scene was the excellent produced among the other animals—zebras, lions, leopards, wolves, hyenas, monkeys, etc.—in the menagerie, who all inhaled some portion of the anesthetic with which the air was saturated.—N. Y. Journal.

ELEPHANTS FEAR HIM.

Newfoundland Dog Makes the Immense Creatures Behave Themselves Day and Night.

Visitors to the Central park (New York) zoo during the past few weeks have been in position to see a Newfoundland dog chained up in one of the elephant cages, living in apparent peace and contentment.

Everyone expects to see the great elephant kill her companion with a single sweep of her trunk, and crowds frequently gather about the cage, expecting a battle, but the dog eats and sleeps without being molested.

The secret of this strange companionship, which no one ever guesses, is that the dog Prince is really the master of the household, and the elephants live in constant fear of him.

On more than one occasion Prince has succeeded in quieting the great beasts when the keepers were powerless to master them. Elephants are naturally nervous and easily excited, and when once aroused are difficult to control. The keepers have found that when everything else fails they need merely send Prince into the cage and the furious monsters will back to their corners and remain quiet.

Peter H. McNally, one of the assistants at the zoo, who vouched for Prince's ability, has observed several similar cases of this curious power in dogs.

The keepers do not know that Prince ever engaged in battle with one of the elephants, though there is not the least doubt that they are all afraid of him.

This Man Takes the Cake.

There have been a great many stories about absent-minded men, and they are always enjoyable. This concerns a man named Rogers, who lived in a small town, and owned a Jersey cow, which he used to drive morning and evening to and from the pasture, not far from his home. One morning, as a neighbor was passing along the road, he met Mr. Rogers walking in the middle of the lane apparently engrossed in some weighty question. The neighbor called out: "Good morning, Mr. Rogers. Where are you going?" "Why," answered Mr. Rogers, in a surprised way, "I am driving this cow to pasture." "Where is the cow?" asked his friend. Mr. Rogers looked around vaguely, and then he said, humbly: "I suppose I forgot to let her out of the barn." And so he had.

TROUT KILLED BY LIGHTNING. They say that on Moon-headed lake, Me., an angler recently was fishing with a steel rod during a thunderstorm, and struck a trout at the same instant that a thunderbolt dashed with his rod. The cork handle prevented the angler from feeling anything more than a slight shock, but when he hauled it in he found the trout stone dead. He figured it out that the lightning bolt followed the rod and the angler was down to where the trout had just taken hold of the hook, and there killed him.

and inspectors were admitted accordingly to law.

IN HOPKINSVILLE.

Democrats Elect Half of Their Council Ticket.

On the face of the returns in this election the Democrats elected three Councilmen—Dalton, West and Fowright. Tibbs was defeated by 22 votes in the First ward, Ware by 2 votes in the Second and Wall by 6 in the Sixth. The last two contests were conceded to the Democrats at the close of polls, but the ballot box developed a surprise in the count. There is talk of contesting all of these wards.

IN PEMBROKE.

Red Hot Contest For Municipal Officers.

Pembroke had a close and exciting contest for town trustees and municipal. "The Old Board" of five members was re-elected. Only one independent candidate ran for trustee. J. M. McGlothlin, marshal on the old board ticket, was elected by a majority of 3 over J. E. Jackson. The vote was on this office 54 for McGlothlin, 51 for Jackson and 29 for Wm. Milburn. In North Pembroke precinct, carried by McGlothlin, the city ballots were put into the box with the stubs attached or folded in them and Jackson is talking of a contest on that ground.

GRACEY ELECTION.

Only One Ticket Voted on the Ballot.

Gracey had a very tame city election, with only one ticket running. The trustees elected are R. L. Stevenson, J. P. Meacham, J. M. Francis, Gipp Watkins and F. O. Wilson.

SCALCHI COMPANY.

High Class Opera on Tuesday Evening Last.

The Scalchi Company's appearance here Tuesday night was the principal musical event of the season. The concert was something far ahead of entertainments usually heard in small cities. The members of the company are all artists in their line. The music rendered was very fine and the applause was very generous. Especially did Mme. Scalchi's singing greatly delight the large and cultured audience.

TWO BURGLARIES.

Stores at Beverly and Howell Broken Into.

The store of Ben Whitlock at Beverly was broken into Tuesday night and \$6 in money and a lot of clothing were taken. On the same night the store of Mr. White, at Howell was also robbed. The windows were cut into and unlatched.

Death Near Pon.

Harriet Bradley, an aged colored woman of near Pon, died Tuesday of Bright's disease. She was 63 years old.

IN OTHER STATES.

Continued from First Page.

Republican gains, although the vote is much lighter than then. The indications point to Republican gains in the lower house of the Legislature.

IN TEDDY'S STATE.

Republicans Gain Assemblymen and Municipal Officers.

Albany, N. Y., Nov. 9.—The result of the election in the state shows Republican gains in Assemblymen and a gain of municipal officers in many of the cities. In Albany, which is normally Democratic, only three Democrats have been elected on the city and county tickets, and the Common Council is Republican.

In Troy the Mayor-elect is an Independent Democrat, elected to succeed Mayor Molloy, who is a member of the State Democratic Committee. In Rochester the Republican organization, headed by George W. Aldrich, elected their candidate for Mayor. In New York county the entire regular Democratic ticket was elected by pluralities averaging about 50,000. Of the assembly districts in New York county, the Democrats elected thirty-one Assemblymen.

NEW JERSEY

Seems to Have Left The Democratic Column For Good.

Newark, N. J., Nov. 9.—Revision of the election returns shows no change in the figures. The State Senate stands as last year, while in the Assembly the Republicans have gained seven seats, the division being 41 Republicans and 19 Democrats. The Senate stands 14 Republicans and 7 Democrats.

KANSAS REPUBLICAN.

Quiet Election And Gains For The Republicans.

Topeka, Kan., Nov. 9.—The reports from the election in Kansas show Republican gain throughout the State. The Republicans have elected six of the ten Judges and the two Senators to fill vacancies, John T. Chaney, of Shawnee county, and C. C. McCarthy, of Jefferson. Neither had any opposition.

NEBRASKA VOTED STRONG.

Holcomb Fusionist Elected Judge By 12,000 or More.

Lincoln, Neb., Nov. 9.—Additional returns received this morning only served to emphasize the fusion in Nebraska at yesterday's election. The fusion majority will not be less than 12,000 and may reach 18,000.

SAN FRANCISCO

Elects a Democratic Mayor By 6,000 Majority.

San Francisco, Nov. 9.—The full returns of the municipal election had not been received this morning, but a close estimate places the plurality of James D. Phelan (Dem.), for Mayor, at over 6,000.

Martin Will Be Senator.

Richmond, Va., Nov. 9.—The returns show that the State Senate will be entirely Democratic, the only member outside of that of regular party nominees being W. B. Shank (Ind. Dem.) from Isle of Wight. Martin will secure the nomination in the party caucus for United States Senator by a safe majority.

South Dakota Republican.

Sioux Falls, S. D., Nov. 9.—Returns up to noon indicate a Republican majority in the state of not less than 10,000.

SEE PREACHES WELL.

A Sixteen-Year-Old Wisconsin Girl Speaks Quite Frequently from Her Father's Pulpit.

Melvin K. Bowles, a girl of 16 years, probably the youngest woman preacher in the world. In June of this year she preached the opening sermon at the yearly meeting of the Baptist church, Hancy Creek, Wis., and she has been granted an unlimited license to preach at the quarterly meetings of that church. Miss Bowles' home, says Leslie's Weekly, is at Prospect, Wis., where her father is in charge of the Baptist church.

MELVIN K. BOWLES.
(The Youngest Woman Preacher in the World.)

church. Miss Bowles has frequently, during the summer, spoken from her father's pulpit. Before she was ten years old she evinced a great interest in theology, and, unaided, outlined a sermon. For the one at the yearly meeting—her first one given before a large audience—her text was taken from St. John's Gospel, thirteenth chapter, thirty-fifth verse. The theme was the Christian badge, "which is love, and should be worn upon the breast, over the eyes, and as a covering for the tongue; it should be carried in the hands, thus leading us to work for others; and it should increase the feet; then will we be ready to run in the way of His commandments. The Christian hope, in this badge-wearing world, should enrobe our entire life." This was the theme of this young preacher's discourse, which was delivered with great simplicity and earnestness. After Miss Bowles graduated next year, from college she intends to enter a theological seminary.

THE GINSENG TRUST.

An American Commercial Combination Controlled Entirely by Chinese Capitalists.

Among the many combinations of capital in the United States is one which absolutely controls a business amounting to \$1,250,000 a year, and which is yet rarely if ever mentioned. Stranger still is the fact that the members of this trust are all Chinamen, hardly a dollar of American money being invested in the business. This Chinese trust deals in ginseng root, an article for which there is no demand in this country. In China, on the contrary, ginseng is regarded as a sovereign cure for almost every disease. Before ginseng was discovered in America the root was worth its weight in gold in China. It is still expensive, as is shown by the fact that the Chinese dealers in New York, which is the head-

(Their Product Is Controlled Absolutely by Chinamen.)

quarters of the trust, are paying six dollars a pound for the root. Ginseng is found in New York, Pennsylvania, Kentucky, Minnesota, Canada, and, in fact, in almost all the northern and central states. In the Kentucky and Tennessee mountains the ginseng diggers are a distinct type of people, and in the backwoods stores in those regions the "sang" root passes as currency. In many parts of the country it has become extinct, because it is dug before the plant has matured its seed.

The Queen Wore Whiskers.

It was pay day in a certain English battalion quartered in Natal. Private Smith, on receiving his month's "in-sults," minutely inspected a particular coin, hesitated and coughed; then he saluted and addressed his officer: "Please, sir," he said, "this is a bad 'arf-crown you've give me." The officer looked at the coin. It was from the Transvaal and bore the likeness of President Kruger. "Oh, that's all right," he replied; "the money is quite good; it will pass in the eastern." Private Smith saluted again. "Of course, if you say so, it's all right, sir. But it's the first time I ever see 'er majesty wearin' whiskers."

Tuberculosis in Cats.

Cats are known sometimes to have tuberculosis, and that they have in many cases been carriers of diphtheria and other of the ordinary infectious diseases and indirectly is more than suspected.

Faustian Dog Cemetery.

The latest thing in company promoting success from Paris, where a dog's cemetery has been founded with a capital of 999,000. The promoters are India.

Big Area of Vineyards.

It is estimated that about 400,000 acres of land in the United States are planted with vines.
